YESTERDAY...TODAY...TOMORROW

EZ Entry Doors is a frame and door company offering UL rated residential, commercial, and customizable options throughout the United States and Canada. If you require any specialties, we can work with you! We specialize in fabricating custom options and will tailor to your entryway needs. Our fast lead times make EZ Entry Doors ideal for any door application.

EZ Entry Doors has been serving the elevator door industry with reliability for over 20 years. After coming under new ownership by Moley Magnetics in 2018, we've been able to grow into a door company that can meet any standard entryway needs. We are a family-owned & operated company that will work hard to ensure the right solution across all applications.
